Transportation Committee Minutes  
 January 4, 2015  
 7:08-7:50pm

In Attendance: Brian Longley, Daniel Sarasti, Pat Thompson, Betty Wheeler, Les Everett, John Mark Lucas  
 Staff: Cailin Rogers

Introductions & approve agenda/minutes	<b>Pat moved to accept the minutes. Les seconded. Unanimous approval. Pat moved to accept the agenda. Les seconded. Unanimous approval</b>
Pedestrian/school crossing safety update -- John Mark Lucas	The SAP Elementary School is working with the City. The Safe Routes to School person (trained nationally) is working with them on Raymond Ave. Phase III. Ultimately, it is difficult to pick which crossing will work best there. The Committee members wondered about school zone speed limits in the area. There is a steering committee formed for the pedestrian enforcement campaign. Both Betty and John Mark serve on that campaign. There's \$25K in funding plus money that the City has given. We can choose up to three spots in our neighborhood to put on the list. We will discuss that at the next meeting. We will

	also need volunteers to cross to help with enforcement that day.
Grand Round Open House review of draft design guidelines -- Brian Longley	The Grand Round Open House will happen on Tuesday, January 19 from 6:00-8:00pm at Arlington Hills Community Center.
Letter of Support for Raymond Ave.	<b>Les moved to pass the letter. Pat seconded. It passed unanimously.</b> We will follow up on the Valentine Ave. letter to Stark before next month.
2016 Transportation Committee goal setting	<ol style="list-style-type: none"> <li>1. Begin planning for the Como Ave. reconstruction. <ol style="list-style-type: none"> <li>a. Transportation expo in the fall in South St. Anthony Park.</li> </ol> </li> <li>2. Pedestrian safety and pedestrian enforcement in the spring in alignment with City scheduling.</li> <li>3. Establish community partners</li> <li>4. Set the groundwork for the Drive 25 campaign.</li> </ol>
Community Concern	<p>Scott Jensen, a representative from St. Anthony Greens Town Homes came to the committee to discuss a short cut that has developed through private property as people cut through from the Green Line. He suggested that we take action on getting a new sidewalk in that area for pedestrian safety and to decrease trespassing.</p> <p><b>John Mark moved to contact Al Czai (from sidewalk infill) regarding a new pedestrian route.</b></p> <p><b>Betty seconded. It passed unanimously.</b></p> <p>Scott Jensen will send Cailin his presentation from the meeting.</p>
Staff updates	Les suggested that staff look into bike parking for the new location.
